

July 25, 2022

Mr. Magan:

I am writing on behalf of Fairview Health Services and our employees regarding your April 23, 2021 visit to Fairview's Riverside campus. We acknowledge that you visited our campus for the purpose of serving legal documents in your capacity as an investigator for the Office of the Minnesota Attorney General.

Fairview wishes to assure you that your visit was appropriate and at no time during your visit were you trespassing. We also want to further assure you that you are in no way prohibited from visiting any Fairview property in the future, consistent with Fairview's standard procedures for security and patient and visitor safety.

In addition, also on behalf of Fairview, I would like to apologize for how you were treated during the April 23 visit. Fairview strives to be a welcoming and safe place for all visitors, patients, and employees. It is never our intention to make anyone who is visiting for legitimate reasons and behaving appropriately to feel unwelcome or unsafe.

Sincerely,

Paul Onufer
VP and Executive, System Operations
